Range of Knowledge

Steelform, USA
Rick Godwin
Frost Tower Bank
401 Congress Ave. Ste. 1540
Austin, Tx 21061
512-687-3469

I have had the pleasure of freelancing for Steelform, USA for the redesign of their website. Mr. Godwin can attest to my dedication to providing superior professional products that was produced in a month and half time that not only met the requirements but surpass them.

Mike Ferris
NGA College Webmaster
Fort Belvoir, VA
703-805-1164

As the individual I reported to for a little over a year at the National Geospatial-Intelligence Agency College and Human Development web team, Mr. Ferris can confirm my track record in project management, creativity and strong hands-on technical skills with Adobe suite software and Flash.

Steven Turnbull
U.S. Army Associate
Fort Meade, MD
443-570-6289

As a colleague in the United States Army at the 55th Signal Company, Mr. Turnbull can speak extensively on my design style and drive to maintain industry standards. He is familiar with my achievements and awards throughout my career and my solid track record for leading motivating media professionals.

Preston Cheeks
Primerica
Fort Worth, TX
817-709-7553

Mr. Cheeks worked with me for four years in the United States Army. Mr. Cheeks can speak with first-hand experience about my skills as a designer, developer, manager, mentor, photographer and leader. Mr. Cheeks and I continue to collaborate on the multimedia industry standards and design concepts to help further our knowledge and skills.

VIVID Motorsports
Dan Heartly
7150 E. Furnace Branch Rd.
Glen Burnie, Md. 21061
410-553-9090

Vivid Motorsports can speak from first-hand knowledge about my achievement in creating innovative designs while controlling cost. I have freelanced for Vivid Motorsports for a year; they can also verify my strengths in superior professional designs and concepts.
